FAITH 🍁 WISDOM 🍁 SERVICE

Sartigan Adventist Academy [QC]

For 4 years, Sartigan has been requesting permission from the Quebec Ministry of Education to add Grade 7. They completed the many required documentation and spent much time in prayer. On June 22, 2021, the Ministry granted permission. Their faith was rewarded; Sartigan began offering Gr. 7 this school year!

Coralwood Adventist Acad [AB]

Teachers made special efforts to stay spiritually connected with their students during Covid. During school shutdown, Rayette Hetland taught Bible to her Gr. 2/3 students virtually, some sitting on their decks. A non-Adventist neighbour of one of her students heard the Bible stories and joined the class every day during lockdown. (She later asked her parents if she could transfer to Coralwood, which her parents have not yet agreed to!).

Kingsway College [ON]

Charlee Blabey, chaplain at Kingsway, identified that the biggest challenge teachers and students faced during the pandemic was connection. So she moved all spiritual programs, including Bible studies and counselling, to an online environment. She even continued through the summer because students expressed a desire for youth-oriented Sabbath worship opportunities.
